New Laws and Regulations Impacting Mobile Home Community Owners in 2019

It is time to order your 2019 Mobilehome Residency Laws (Civil Codes) to distribute to your residents. It is also time for your management team to become familiar with the changes the California legislature has made to the Mobilehome Residency Laws that will go into effect in 2019 as well as the other laws and regulations that will go into effect in the new year. These new regulations will have an impact on how you manage your business and deal with your employees and park residents. We have also asked our speakers to take a look at recent court decision that may impact mobile home parks. The California Department of Housing and Community Development's (HCD) policies also impact mobile home parks including park inspections. HCD also operates the office of the Mobilehome Ombudsman, which is now called Mobilehome Assistance Center. Please plan to join us for these important updates.
